

CAUSING DISTURBANCES POLICY

The District is committed to promoting mutual respect, civility and orderly conduct among employees, parents, and the public. Individuals who harass or intimidate School District staff, personnel, school officials or others verbally or through repeated telephone calls, emails or through other communication means, confrontations or the like may be denied use of school facilities or face other corrective action.

If an individual fails to comply with the District's Policy, the District may consider, and implement, a communication plan or other corrective actions restricting voluminous or repeated communications containing harassing, inappropriate or disrespectful language, wrongful or frivolous claims or allegations.

Adopted 8/1/22
