

VISITORS TO THE SCHOOL

All visitors shall be required to report to the Main Office upon arrival at school and state their business. Visitations to classrooms for any purpose require permission in advance from the Building Principal in order to allow teachers the opportunity to arrange their schedules to accommodate such requests.

When individual Board members visit the schools, they must abide by the procedures developed by the administration regarding school visits.

The Superintendent of Schools is directed to develop procedures to allow parents, members of the community, and other interested persons to visit the schools of the District under circumstances which will preserve the safety of students and staff and will not disrupt classes or other educational activity in the schools.
